EasyGlide Desk

The EasyGlide desk has a stylish aesthetic which belies its ingenious design. It can be easily operated to move the table smoothly around a space. It is extremely light (it can be moved with one hand) and is manoeuvrable in any direction.

The patented retractable wheels mean that when not in use the table is stable on flat feet.

Sophisticated Design

Smooth Movement

Compact Storage

Stable Castors within the foot

Simple Operation

Specification:

Desk finishing: Melamine decorative laminate, synthetic resin edge roll

Modesty Panel: Synthetic moulded resin

Legs: Die cast aluminium, painted finish

The EasyGlide desk is suitable for active learning in classrooms, seminar spaces and lecture theatres.

The EasyGlide desk is available in a variety of lengths (650mm, 1200mm, 1800mm) and as either a fixed or a foldable version.

When not in use the desks can be folded flat to be nested and stored.

The EasyGlide is a useful addition to any learning space and its ease of operation and independent operation means it can be used to create inclusive DDA spaces for students.

Learning Pedagogies Enhanced by Effective Space Planning:

- Increased knowledge retention
- Active Learning
- Flipped Classroom
- Teaching Modes
- Collaborative Learning
- Transitioning into the World of Work

Classroom

Collaborative Learning space
